

LARGE BOOSTER BUDDY STAND

Assembly Instructions

<p>Four Vertical Tubes</p> 	<p>HARDWARE PROVIDED</p>	<p>Four Base Pieces</p> 
<p>Four L Brackets</p> 	<p>Eight 1/4"-20 x 1/2" bolts and Eight 1/4" lock washers</p>  	<p>Eight 5/16"-18 x 1 1/4" bolts and Eight 5/16" lock washers</p>  

Step 1.
Remove the Koala Booster Buddy Stand, parts & fasteners package from the shipping box and check for freight damage and missing pieces. Report any damage or any missing items to Koala Kare Products immediately.

Step 2.
Attach one vertical tube to each of the four base pieces using the 5/16" screws with a lock washer. The tube fits into the large holes in the base piece.

Step 3.
Assemble one of the four "L" brackets to the left leg of each of the four base pieces using the 1/4" screws with a lock washer.

Step 4.
Assemble the four base pieces together at their right leg using the 1/4" screws with a lock washer. Do not over tighten screws.
